4. [ ] Talked with Robert Michaels, House Appropriations Committee Staff, inquiring as to the possibility of final action on the Agency budget. He said he would discuss this with the Chairman later in the day.

Later Mr. Michaels advised that the Committee will meet on this item tomorrow and indicated that we possibly could expect final action at that time.

5. [ ] Talked with Mr. William Jordan in Senator Russell's office who indicated he was still attempting to arrange a convenient time for the Senator and the Director to get together. I pointed out to him that while the Director was planning to leave town on Friday at about 3 o'clock he could postpone this to a 6 o'clock flight if this would assist in making a meeting possible. (The Director himself had suggested this.) Mr. Jordan said he would be in touch with us on this.

6. (Internal Use Only - JSW) Talked with Russell Blandford, House Armed Services Committee, who said that Chairman Vinson was requesting a meeting of the Subcommittee with Agency representatives on Tuesday, 4 August 1964, at nine o'clock. Blandford stated the Chairman had no wishes as to the agenda and would leave it to us as to what the Subcommittee should be briefed on.

Later Blandford's office was advised that the Director could make this time. Mr. Blandford also raised the question of his visiting Area 51 on 24 August. I said I would look into this and be in touch.

7. (Unclassified - JSW) Had brief visits with Congressman Leslie Arends, Fran Hewitt on the staff of Senate Appropriations, Everard Smith, Jr., of the Senate Space Committee, Emily Davis of Congressman Reid's office, and William Claire in Congressman Conte's office. From these and other contacts it was becoming clear that there is a serious effort on both the Senate and House side to clean up their business and adjourn finally before the Democratic Convention on 24 August.
